

Mobility statistics

Daan Huberts

Cijfers en analyses over studentenmobiliteit voor iedereen inzichtelijk

Waar komen internationale studenten vandaan? Waar gaan Nederlandse studenten heen, en wat studeren ze? Hoe scoren we in vergelijking met andere landen? Ontdek het op www.nuffic.nl/mobility-statistics.

Types of mobility

- **Degree mobility**

Full accredited degree programme in higher education in the destination country.

- **Credit point mobility**

Obtaining credit points for a full degree programme back in the country of origin.

- ***(Institutional mobility)***

Mobility of degree programmes or entire education institutions

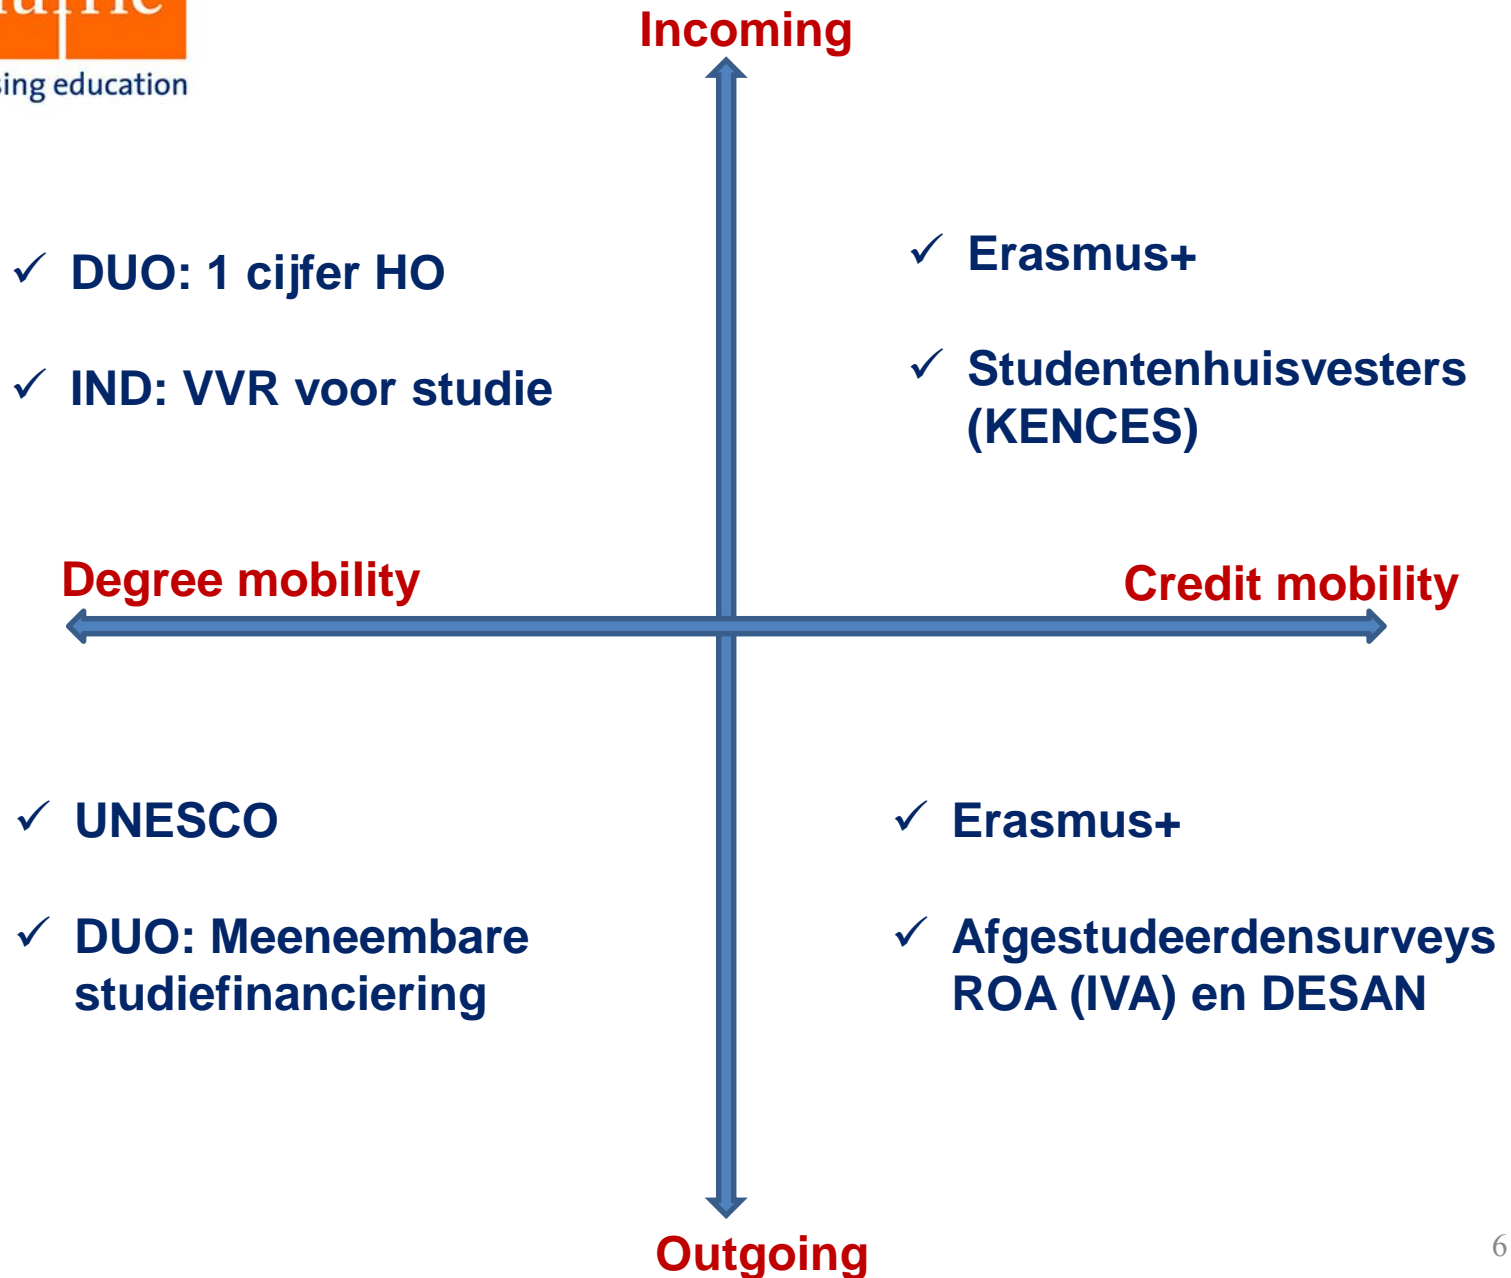

- ***(Virtual mobility)***

Distance based learning, MOOC's, etc.

Datasources

- Institutional registrations – DUO
- Visa permissions - IND
- Programme management – Erasmus+
- Student surveys (ROA, Desan)
- UNESCO, OECD, EUROSTAT

Definitions: degree mobility

1st: International student:

Prior education (high school, ISCED 3) diploma from outside the country of Higher Education enrolment

- Includes 'homecoming students' (NL)
- Nationality no exclusive criterion

2nd: Foreign student:

Nationality (citizenship) other than the country of Higher Education enrolment.

- Includes students who are actually non-mobile

Definition: credit mobility

Obtainment of credits (ECTS) with study-related activities in a country different from the country of Higher Education enrolment (ISCED 5, 6, 7 or 8)

- Enrolment in for degree obtainment
- Nationality is no criterion
